HAL gears up for Aero India show

Public sector is now determined to emerge as a formidable player in domestic & global defence market

The defence public sector undertakes to increase its share in the defence market with a view to emerge as a formidable player in the domestic and global defence market. This was announced by the Ministry of Defence at a press conference in New Delhi on Thursday.

The announcement follows the government's decision to relax norms for defence procurement and the public sector undertakes to increase its share in the defence market with a view to emerge as a formidable player in the domestic and global defence market.

The announcement was made in response to a question asked in the Rajya Sabha on Thursday.

The government has already announced several measures to promote defence production in the country, including the creation of a defence production fund, the setting up of a defence technology institute, and the introduction of new defence procurement procedures.

The government has also announced plans to set up a defence production fund to promote defence production in the country. The fund will be created by the government and will be used to finance defence production projects.

The government has also announced plans to set up a defence technology institute to promote defence technology development in the country. The institute will be set up by the government and will be financed by the government.

The government has also announced plans to introduce new defence procurement procedures to promote defence production in the country. The new procedures will be more transparent and will be designed to promote defence production in the country.
